SCTI

SCTI alloy defense poles are light, strong, and durable. Defensemen can throw fast brutal checks.

## ALPHA

### FEATURES

200g  
30"  
composite

Our most traditional carbon graphite model, the Alpha offers the same rubberized finish and overall construction as the I-Beam but without the tapered design. Offered in seven stock colors, it is among our most popular shafts.

## I-BEAM

### FEATURES

185g  
32"  
composite

The first of its kind, the I-Beam features our unique tapered stress-flex point precisely placed within the shaft so as to provide maximum torque power for shot or pass. Rubberized finish offers optimal grip and control.

#### Advance 260

Bulked up to 260 grams of high-modulus graphite, the Box 260 checks hard and can take abuse.

#### Advance 220

Manufactured with high-modulus graphite and a slip-free rubberized finish, the Advance 220 can take any punishment the defense throws its way.

#### Advance 300i

Weighing in at 210 Grams and engineered with a built-in end cap and concave edges, the 300i is sure to be a defender's worst nightmare.

## BX240

### FEATURES

240g  
32"  
composite

Reinforced with an extra 40 grams of high-modulus graphite, the BX240 shaft is built to take punishment and last. Designed for box and high level field lacrosse.

**300i****FEATURES**

210g  
30"  
composite

The precision engineered 300i Shaft features the latest in shaft technology and design. The rubberized surface provides optimal grip, while the internal rib gives increased strength and stability never before seen. Further enhancing the feel of the stick, the clutch grip's concave edges allow for incredible handling.

**HOWITZER****FEATURES**

185g  
30"  
260g  
32"  
composite

This highly advanced design incorporates our patented built-in butt end, exploded core, and concave trigger grip to offer superior handling and feel.

**MONSTER****FEATURES**

280g  
32"  
composite

Similar to our heavier box shaft, but with another forty grams of hard-hitting graphite, for the toughest player.

**CROWBAR****FEATURES**

320g  
32"  
composite

Weighing in at a beefy 320 grams, this shaft is the new bully on the block. The Crowbar is heavy, checks hard, and takes abuse.

**ADVANCE 240 GOALIE****FEATURES**

240g  
32"  
composite

Manufactured specifically for our goalkeepers, the high-modulus graphite construction is built to sustain the hardest shots, while the rubberized finish and soft edge design provides the best grip for all playing conditions.

**420 D****FEATURES**

420g  
60"  
composite

The composite construction of the defense shaft provides a balanced blend of strength, weight and flexibility. Because it is made from composite materials, it will never dent or bend like metal shafts. It features reduced vibration and shock, while the soft edge design adds strength for improved feel and control. Rubberized finish added for optimum control and grip.

**DFLEX****FEATURES**

400g 60Flex  
420g 85Flex  
440g 105Flex  
60"  
composite

The Harrow DFlex is the most technologically advanced defensive shaft on the market. Made from high modulus carbon fiber and engineered in 3 different weight and flex performance categories. With the DFlex series, long stick defenseman now have the option to choose a shaft that performs to enhance their style and level of play.

**Recommended Level of Play**

U 11-U13: 400g/65 Flex  
U13-U15: 420g/85 Flex  
Above: 440g/105 Flex

**C2****FEATURES**

BOX  
220g  
32"  
composite

Attack  
215g  
30"  
composite

Our composite basic shaft, the C2 is composed of both graphite and fiberglass, providing a light yet durable feel.

**C3****FEATURES**

210g  
32"  
composite

Designed with our unique tapered stress-flex point, the C3 shaft is a great stick for all levels of play.

**ALUMINUM****FEATURES**

205g  
31.5"

Also available in  
205"  
40"

Our Aluminum Shaft is constructed from high quality aluminum alloy. This shaft's light weight and durability make this a good option for both beginners and intermediate players.

**COMPLETE STICK COMBO DEAL**

Save money when you choose a head and shaft combo. All men's heads are available with your choice of Aluminum, C2, or C3 shafts.

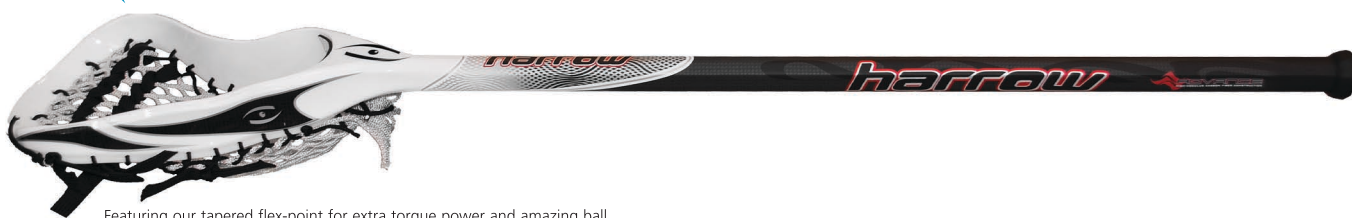

## HEMI ADVANCE

### FEATURES

40"  
410g  
Composite

Featuring our tapered flex-point for extra torque power and amazing ball control, a built-in butt end for secure hand placement and extended reach capability, an offset head for effortless ground ball pickups, and a soft mesh for easy catching. The Hemi Cuda's lightweight one-piece design offers an ideal balance and the most consistent release, making it a great stick to learn or improve with.

### BOUNCE BACK WALL

The Lacrosse Bounce Back wall has a face that measures approximately 20 inches by 40 inches; and is easily adjustable in order to accommodate all ages and ranges of passing.

### GAME BALL

Meets CLA, OLA and NCAA Specifications. Available in Yellow, Pink, Orange and White, and in a pack of six. Also available in cases of 120.

#### KONCEPT

Our Koncept men's lacrosse head is designed with the most competitive player in mind. This head has the most aggressive offset and maximum sidewall depth allowed. The Koncept features a deep scoop angle for increased ball channeling and an improved sidewall design for a maximum weight to strength ratio. Added string holes allow for unlimited stringing options. Meets all NCAA and NFHS specifications.

#### CROSSBOW X

The Crossbow X men's lacrosse head meets all specifications for NCAA play and NFHS. The Crossbow X features an aggressive offset and deep sidewall design for extreme ball control and accuracy. With a reinforced sidewall the Crossbow X maintains a lightweight balance and feel, making this a stellar head for all positions.

#### CROSSBOW

This head features the most aggressive offset and maximum sidewall depth allowed. A stylish profile provides the strength and durability needed for playing at the highest levels. Added string holes allow for unlimited stringing options.

#### TURRET

2" sidewall height for the maximum ball protection zone you can get. Offset cant gives you an offset feel with the release and accuracy of a traditional straight stick. Pinched pocket area for extreme ball control, making it easier for any level, beginner to advanced.

#### H2

Its precision design and expert attention to detail offers incredible ball control, reinforced sidewall strength, multiple pocket variations, and exceptional scooping range. Strung version comes with our Hard Mesh pocket.

#### **X5**

The X5 head meets all NCAA and NFHS specifications. The aggressive drop-down offset offers the ultimate in control and feel. With a narrow face, the X5 delivers increased hold and shooting accuracy. The stiff sidewalls and lightweight design make this a great head for all positions.

#### **KONCEPT LT**

The Koncept LT features the most immediate offset in the game. This deep pocket is ideal for attackmen. Meets all NCAA and NFHS specifications.

#### **INCINERATOR**

2" sidewall height for the maximum ball protection zone you can get. Offset cant gives you an offset feel with the release and accuracy of a traditional straight stick. Pinched pocket area for extreme ball control, making it easier for any level, beginner to advanced.

#### **VARIABLE**

Lightweight yet durable the Variable is a great head no matter where you play on the field. The Variable has a lightweight, stiff rail design for strength and multi-position versatility. Also includes extreme back-cant technology for unreal ball control and pocket placement.

#### **BARRICADE PRO**

Completely redesigned, the Barricade Pro's aerodynamic sidewall not only delivers a light swing-weight, but it also stands strong on the most punishing shot. The streamline neck offers an area for optimal grip. The channeled scoop smothers ground balls and allows for maximum passing accuracy. The Barricade Pro is the total package when it comes to goalie heads and it is certain to elevate your game to the next level.

**STOCK TORRENT**  
same day shipping

The Torrent glove is the most immediately game ready glove on the market. Fresh out of the bag, the Torrent's triple flex cuff system with floating wrist guard allows for unmatched joint mobility and all angle protection. With the silky feel of our sweat-wicking performance liner, the Torrent slides effortlessly onto the hand, as the reinforced leather palm with mesh backing allows for the ultimate in durable breathability.  
SIZES: 12" 13.5"

**CUSTOM CUFF**  
3 week turn around

**FULL CUSTOM**  
120 day turn around

Our most advanced glove to date the Syncro picks up where the Torrent left off. With maximum flexibility and protection in mind we redesigned the pad structure with additional spacing. The result is a sensational glove you have to feel to believe.

SIZES: 12" 13.5"

#### S2 GLOVES

Designed for an ideal level of flexibility and protection, the S2's innovative features include a two-piece protective hard cuff, honeycomb gel throughout the top of the hand, and triple-joint fingers. Easy break-in ability makes it game ready right out of the box!

SIZES 10" 12" 13.5"

## SUBLIMATED CUSTOM UNIFORMS

Sublimated jerseys offer unparalleled customization with unlimited color, font, and logo choices. In sublimation, dye is transferred directly into the thread of the jersey, because of this logos, numbers, and design elements will not crack or peel. No additional materials are added to the jersey such as screen printed ink, embroidery, or tackle twill – this makes the jersey lighter and more flexible.

BOX LACROSSE JERSEY

MEN'S LACROSSE JERSEY

## MATERIALS AVAILABLE

### CLASSIC KNIT (M)

Polyester knit material. Durable yet breathable. Most common material for men's uniform tops and bottoms. Midweight.

### POLYSPANDEX (B)

Polyspandex blend fabric with stretch. Works best in women's racer styles and skirts. When used for a women's uniform top, this fabric will make the top tight fitting.

### PROWEAR (G)

Polyester dri-fit material. Smooth feel and breathable. Great for a loose fitting women's top and skirt.

### NO HOLE MESH (I)

Polyester knit. Looks closely weaved and has no visible holes but given the look mesh without holes. Light-midweight.

### CHECKERBOARD KNIT (E)

Lightweight checkerboard knit material with a shiny finish and slight stretch.
