WOMEN'S
LACROSSE

K **FOURCE**
HIGH MODULUS CARBON FIBER

ULTRALIGHT

Combined weight

of only

8.3 ounces

(THE LIGHTEST COMPLETE STICK IN THE WORLD)

KFOURCE

FEATURES

130g
31.5"
composite

The Kfource was engineered and built for the elite lacrosse player. Constructed from high modulus carbon fiber, we stripped away all unnecessary weight to create the lightest, most responsive stick in the game. The ergonomically designed 'skinny' shaft provides the grip, mobility and handling that the women's game demands, while the HMCf ensures the Kfource stands up in every play.

P SERIES STRAIGHT

FEATURES

155g
31.5"
composite

New age carbon fiber and a rubberized grip finish provide better strength and control for your game. The straight shaft design along with new graphics, make this the handle the choice for elite players.

P SERIES TAPERED

FEATURES

155g
31.5"
composite

New age carbon fiber and a rubberized grip finish provide better strength and control for your game. The tapered section gives more power to your shots and passing.

T-IX STRAIGHT

FEATURES

165g
31.5"
composite

Similar in design to the T-IX Tapered, but without the stress-flex point. Our one-of-a-kind rubberized grip provides all-weather control and unmatched comfort, while our high grade composite construction allows for long-lasting durability.

T-IX TAPERED

FEATURES

165g
31.5"
composite

The first women's shaft made with high grade composites. The T.IX is durable, yet lightweight, with a rubberized grip that provides all-weather control. Our unique flex-stress point ideally located within the shaft maximizes power when shooting and passing.

K1 JUNIOR SHAFTS

FEATURES

150g
29"
composite

The first ever shaft designed specifically for competitive junior players. The lightweight composite technology along with the shaft's lean diameter, makes this ideal for serious young players.

G3

FEATURES

170g
31.5"
composite

Composed of carbon graphite and fiberglass for a lightweight yet highly durable feel. Available individually or in combination with any of our heads as a complete stick.

G2

FEATURES

170g
31.5"
composite

This is our most basic shaft, composed of carbon graphite and fiberglass for a lightweight yet highly durable feel. Available individually or in combination with any of our heads as a complete stick.

G71

FEATURES

280g
31.5"
composite

The new G71 is a combination of the P7 head and P series ultra light handle. The G71 one-piece stick utilizes high-modulus Toray carbon fiber to achieve superior strength while shedding every unnecessary gram of weight.

SOLO

FEATURES

355g
31.5"
composite

The world's first one-piece graphite stick, the Harrow Solo has been reengineered to offer better string protection, an improved scoop angle, and a reinforced head area. It features Harrow's patent-pending stress-flex taper point, and a built-in butt end.

NEW ULTRALIGHT

The Harrow Ultralight has the most immediate off-set in the game, allowing for maximum scoop depth and superior control. The offset head technology increases handling and shot accuracy to make the Ultralight a great all-around head for every level of play.

AVAILABLE IN 7 COLORS

The Harrow Prime 7 is the most advanced women's head on the market. With its lightweight and balanced design. Similar scoop to the Amonte and Envy heads.

Black - Black Snap Pocket

White - White Snap Pocket

Yellow - Yellow Snap Pocket

Sky Blue- Baby Blue Snap Pocket

Red - White Snap Pocket

Purple - White Snap Pocket

* All heads available unstrung

SLINGSHOT

GROOVE

**BRE
THRO
PERFOR**

ULTRALIGHT

PEAK ROUGH PERFORMANCE

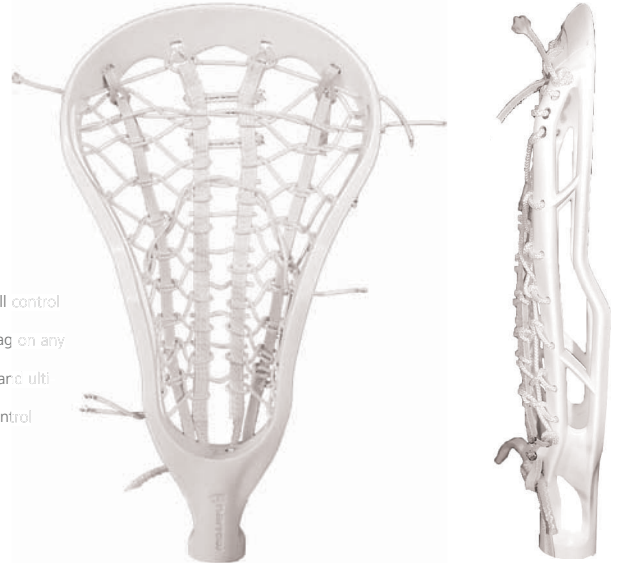

P7

ELECTRA V2

The original Electra with a traditional throat piece. Streamlined scoop design reduces drag on any playing surface. An open sidewall and ZERO throat area delivers light weight feel and puts the right amount of mass where it's needed for ultimate control and leverage. Meets NCAA and IFWLA specifications. Multitude of string holes to make the head compatible with any women's pocket

VIGOR V3

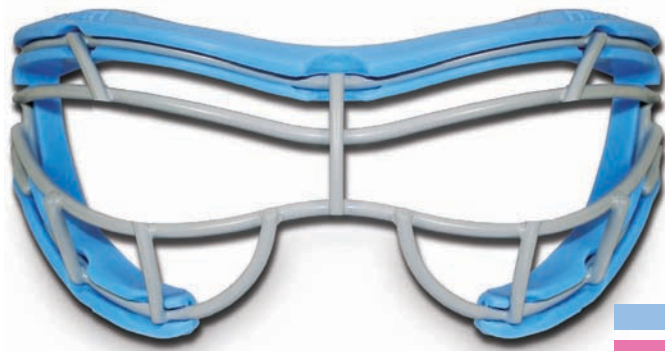

Extreme Back-Cant technology for serious ball control and great pocket placement.

- Streamlined scoop design which reduces drag on any playing surface
- Pinched opening for vice-like ball retention and ultimate control
- Narrow sidewalls for that "extra" pocket control

COMPLETE STICK COMBO DEAL

Save money when you choose a head and shaft combo. All women's heads are available with your choice of Aluminum, G2, or G3 shafts.

- Carolina
- Pink
- Black
- Grey
- Navy

XV3 GOGGLE

As the natural successor to our popular XV2 goggle, the XV3 was redesigned to be more comfortable, with an improved visual range. Featuring the same streamlined, ergonomic construction as its predecessor, the XV3 meets ASTM standard 2713-09 and NFHS standards for lacrosse and field hockey.

DUO

- Expertly designed to maximize visual range
- Lightweight and streamlined construction
- Ultra-comfortable form-fitting foam padding
- Meets ASTM standard F803-03 for women's Lacrosse and Field Hockey
- Comes with one extra foam pad.

Ball Bag with Mesh Top

Blitz 4000 Ball Bag

BALL BAG

Durable, portable, and roomy enough for 30 or 60 balls, our new ball bag features a ground gripping plastic base and reinforced straps.

- Black and Silver (60)
- Black (30)

GAME BALL

Meets CLA, OLA and NCAA Specifications. Available in Yellow, Pink, Orange and White, and in a pack of six. Also available in cases of

K85

This durable backpack features a padded laptop pocket, large main pocket, and convenient front pockets.

Dimensions (LxWxH) 20" x 13" x 9"
Capacity 2,340 in3

MINI DUFFEL

Our popular duffel bag, now in a smaller 24" version. The Mini Duffel comes complete with both hand straps and padded shoulder strap. Includes interior plastic sleeve, vent holes, rubberized bottom, and 420 Denier material. Durable construction and sporty look makes this the ideal bag for a day at the fields or a trip to the gym.

Dimensions (LxWxH) 24" x 10.5" x 10.5"
Capacity 2,600 in3

WHEELED DUFFEL

Perfect for extended team travel or for conveniently wheeling all your coaching equipment from the car to the field. The wheeled duffel bag features high quality 600 denier material, reinforced bottom, durable rubber wheels, and two large side pockets.

Dimensions (LxWxH) 36"x15"x15"

BACKPACK

Features two adjustable stick holders, a rubber-sealed head-phone port, and a removable quick-access cell phone pouch to help organize your busy life, both on and off the field.

Dimensions (LxWxH) 19" x 12" x 11"
Capacity 2,500 in3

VICTORY DUFFEL

Built with a large top access main compartment and two ventilated end pockets, the mid-duffel is perfect for carrying equipment to and from the big game. The built-in shoe pocket keeps your cleats dry and away from pads and equipment. The numerous pockets and compartments allow for unlimited storage options for accessories.

Dimensions (LxWxH) 36"x15"x15"

DELUXE STICKBAG

Combines durability with versatility and style. Constructed using heavy-duty, water-resistant material. Fits up to three full sticks in main compartment and features multiple pockets to hold all of your gear. Available in six different colors.

CUSTOM BAGS

At Harrow we pride ourselves on our ability to customize bags to meet every team's specific needs. Years of experience, a commitment to customer satisfaction, and an in-house screening and embroidery operation mean that we'll customize your gear with unsurpassed speed, accuracy, and quality.

SUBLIMATED CUSTOM UNIFORMS

Sublimated jerseys offer unparalleled customization with unlimited color, font, and logo choices. In sublimation, dye is transferred directly into the thread of the jersey. Because of this, logos, numbers, and design elements will not crack or peel. No additional materials are added to the jersey such as screen printed ink, embroidery, or tackle twill – this makes the jersey lighter and more flexible.

MATERIALS AVAILABLE

CLASSIC KNIT (M)

Polyester knit material. Durable yet breathable. Most common material for men's uniform tops and bottoms. Midweight.

POLYSPANDEX (B)

Polyspandex blend fabric with stretch. Works best in women's racer styles and skirts. When used for a women's uniform top, this fabric will make the top tight fitting.

PROWEAR (G)

Polyester dri-fit material. Smooth feel and breathable. Great for a loose fitting women's top and skirt.

NO HOLE MESH (I)

Polyester knit. Looks closely weaved and has no visible holes but given the look mesh without holes. Light-midweight.

CHECKERBOARD KNIT (E)

Lightweight checkerboard knit material with a shiny finish and slight stretch.
